

UMEÅ UNIVERSITY

Study plan for exchange studies

Please write four courses for each university.

Please note that these are *preliminary* courses, which demonstrate that you have researched each university. The document is used to demonstrate that you are able to study courses at the proposed university, and that your department at Umeå approves that they would be able to be transferred to your degree upon your return. You only need to provide 4 courses, do not write any more. This is not a definitive course list, and is subject to change.

Please refer to <https://www.umu.se/en/student/study-abroad/exchange-studies/exchange-studies-outside-europe/> for more detailed information.
