

Time plan UCMR calls 2025

Visiting scientist programme

Call 1 open from 24 March to 16 May. Decision within two weeks after deadline

Call 2: open from 15 September to 17 October. Decision within two weeks after deadline

Conference and workshop support

Call 1: open from 24 March to 16 May. Decision within two weeks after deadline

Call 2: open from 15 September to 17 October. Decision within two weeks after deadline

Distinguished Guest seminar

Guest 1: Matthew R. Chapman 27 June at Umeå Infection Symposium

Guest 2: open for suggestions 24 March until 30 April

UCMR seminars

From 2025 onwards UCMR do not arrange our own seminar series anymore, but sponsor two running seminar series and thus get a number of slots to fill:

-MedChem seminar series (contact UCMR PI Lars-Anders Carlson)

<https://www.umu.se/en/department-of-medical-biochemistry-and-biophysics/research/seminar-series/>

-Seminar Series for the Integrated Biomedical Sciences, SSIBS (contact UCMR PI Aftab Nadeem)

<https://www.umu.se/en/ucmr/integrated-biomedical-science-seminar-s/>

'Excellence by Choice' postdoctoral programme in life science

Call for projects: open from 22 April to 13 June

A fifth final call will be launched this year. PIs that are *not having or have had* an- EC' postdoc through this programme are eligible to submit a project idea. The further application process for the candidates will be slightly changed this time. More information will come.

UCMR Retreat for PIs 25-26 August

The theme will be interdisciplinary approaches to microbial research

Registration to the retreat: open from 2 June to 4 July
